

NanoCarbon Annual Conference 2022

Presentations • Short Pitches • Posters • Exhibits

Call for contributions from
industry and research!

February 22 and 23, 2022

Balthasar-Neumann-Saal, Würzburg

Cluster
Nanotechnology

NETWORK
NANOCARBON

NanoCarbon Annual Conference 2019. Photo: Nanoinitiative Bayern GmbH.

Profile of the conference

For the 7th time the Network NanoCarbon* will organise the Annual Conference. After taking the event online last year, we now wish to bring the nanocarbon community back together in person. During the conference, experts from industry and research come together to exchange their results and ideas using this open communication and networking platform. Join the talk about innovative and commercial activities in the field of carbon nanomaterials (e.g. CNTs, graphenes, nanodiamonds, nanohorns, carbon black). The Annual Conference also addresses industry delegates seeking new trends and partners for novel cooperations and projects. We would like to invite you to meet international nanocarbon specialists in Würzburg, Germany.

*In the open Network NanoCarbon international manufacturers of nanomaterials and equipment, users, institutes and universities work closely together to develop innovative nanocarbon products.

Key topics

We are looking for contributions dealing with nanocarbon based methods, processes and applications in the main topics of nanocomposites, sensors, printed electronics, hydrogen technology, fiber reinforced composites, rubber, electromagnetic shielding, thermal conductivity, 3D printing.

Key industrial sectors are:

- Energy storage and conversion
- Electronics and electrics
- Automotive
- Analytics
- Safety and sustainability

Presentations and short pitches

Contributions including a short abstract (template available online) can be submitted via email or at carbon2022.nano.bayern. The conference language is English.

Contact: S. Bertsch, +49 931 / 31 - 89376, info@nanocarbon.net

The submission deadline is November 26, 2021.

Posters and accompanying exhibition

In addition to the lecture program there will be a poster award. Posters can be submitted until **Monday, January 31, 2022**. Please submit your contribution via email or at carbon2022.nano.bayern.

Manufacturers of materials and equipment have the opportunity to present their demonstrators and products in an accompanying exhibition. Please contact us for further information.

Conference fees — Early bird prices¹

Two-day conference with conference dinner on February 22, 2022:

Industry delegates	455 €
Network members ² / institutes / authorities	270 €
Members of the Network NanoCarbon	225 €
Students	95 €
Students (without conference dinner)	55 €

(Notes: 1 Prices are subject to VAT. The fees include conference documents, coffee breaks, lunch breaks, refreshments and the conference dinner. For registrations after February 04, 2022 a surcharge of 20 % will be due. In case of withdrawal after February 08, 2022, cancellation fees of 50 % of the respective prices are due.

2 Networks NanoSilber, nanoInk, NanoAnalytik, Nano4eMob, NanoGeoTherm and Nanonetx Bayern e.V. Organiser of the event: Nanoinitiative Bayern GmbH.)

Further information and registration

Up-to-date information and online registration forms are available at: carbon2022.nano.bayern

We are looking forward to your participation and to your contribution. Let's meet again in Würzburg!

Conference venue

The conference will take place in the Balthasar-Neumann-Saal, LGA Landesgewerbeanstalt Bayern KdöR, Dreikronenstr. 31, 97082 Würzburg.
